### Part-2

#### Organs and their related Correspondence

##### Organs

♦ Lungs	52
♦ Large Intestine	54
♦ Stomach	56
♦ Spleen	58
♦ Heart	60
♦ Small Intestine	62
♦ Urinary Bladder	64
♦ Kidney	66
♦ Gall Bladder	68
♦ Liver	70

##### Corresponding points and related diseases

♦ Correspondence of throat	72
♦ Correspondence of eye	73
♦ Correspondence of Ear	74
♦ Correspondence of temporal area	75

♦ Correspondence of the mouth	76
♦ Correspondence of the Nose	77
♦ Correspondence of the back head	78
♦ Correspondence of neck and upper back	79
♦ Correspondence of left shoulders and Right hip	80
♦ Correspondence of Right knee and left elbow	81
♦ Correspondence of Left palm and Right foot	82
♦ Correspondence of the navel	83
♦ Appendix correspondence	84
♦ Correspondence of mammary gland	85
♦ Correspondence of vagina and urinary bladder	86
♦ Correspondence of ovaries	87
♦ Correspondence of lower back	88
♦ Correspondence of Anus	89
♦ Cervical spondylitis (pain in neck)	90
♦ Knee pain	91
♦ Back pain	92

### **Part-3**

#### **Simple formulae of Diagnosis & Treatment**

1) Diagnosis and treatment by fingers and toes twisting	93
2) Treatment by finger joints	100
3) Regional division of body based on five elements	104
4) Regional division of head	105
5) Treatment by medulla and brain stem	106
6) Disorders due to seasonal changes	109
7) Diagnosis and treatment by vertical meridians	111
8) Diseases and treatment of infection	113
9) Diagnosis and treatment on phalanges of fingers	116
10) Treatment during pregnancy period	117

## **Treatment of common diseases**

1) Constipation	119
(2) Gastritis	120
a) Due to heavy food	120
b) With nausea feeling	120
c) Belching immediately after food & Burning in throat.	121
3) Below diaphragm pain around naval and heaviness	121
4) Pain near and around whole abdomen	122
5) Heaviness in abdomen and flatulence with smell	122
6) Cold and Cough	123
7) Tonsilitis	123
8) Sinusitis	124
9) Polyps in nose	124
10) Excessive sneezing	125
11) Bed wetting	125
12) Urinary trouble due to prostate enlargement	126
13) Swelling in Rt Ovary	126
14) Swelling in Left Ovary	127
15) Chest pain and breathing problem	127
16) Cough and heaviness in chest	128
17) Chest congestion and cough	128
18) Appendicitis and allergic asthma	129
19) Appendicitis	129
20) Allergy from water	130
21) Allergy from food	130
22) Allergy from milk	131
23) Allergy from egg	131
24) Sleep disorders	132
A) One hour less than normal	132
B) Two hour less than normal	132
C) Three hours less than normal	133
D) Insomnia and depression	133

25) Motion immediately after meals	134
26) Loose motions	134
27) Chronic Diarrhoea	135
28) Skin diseases	135
A. Itching in head	135
B. Itching in head and dandruff	136
C. Itching on forehead	136
D. Itching on face	137
E. Itching on neck	137
F. Itching below neck and scapular region	138
G. Itching nearby diaphragm region	138
H. Itching near navel	139
I. Itching in groin area	139
J. Itching in arms	140
K. Itching in legs	140
L. Itching in back	141
M. Itching in fingers and toes	141
N. Discolouration of skin	142
29) Treatment of Regions of Brain	142
a. Frontal lobe	142
b. Temporal lobe problems	143
c. Parietal lobe problems	143
d. Occipital Lobe problems	144
30) a. Dry piles	144
b. Bleeding piles	145
31) Prostatitis	145
32) Prostatic hypertrophy	146
33) Back pain	146
34) Lumbar spondylitis	147
35) Cervical Pain and Vertigo	147
36) Cervical Spondylitis	148

37) Slip Disc	148
38) Female disorders	149
a) Post dated menstruation	149
b) Pre dated Menstruation	149
c) Scanty Menstruation	150
d) Excess Menstruation	150
39) GB Stone	151
40) Kidney Stone	151
41) Intestinal Worms in children	152
42) Infection of specific organ	153
a) Liver	153
b) Gall Bladder	153
c) Lungs	154
d) Large Intestine	154
e) Heart	155
f) Small Intestine	155
g) Kidney	156
h) Urinary Bladder	156
i) Stomach	157
j) Spleen	157
